

SportsLive

Championships, Olympic victories and relegation battles. The world of sports is full of emotion and it brings people together. dpa SportsLive is the ideal partner to accompany you through the major national and international events and it captures all the key moments in live tickers. Tickers, analytic graphics and live statistics are an ideal complement to in-house-produced editorial content.

Customizable Form and content can be adjusted to suit your individual needs and can be integrated seamlessly into the look and feel of your website.

Multiple Devices Content is displayed at its best whether on smartphones or tablets.

Widgets Components can be combined individually to provide a wide range of opportunities to ensure sustainable coverage.

Social Networks Fixtures, goals, projections or live events are just a click away and they can be shared with other users.
